GARDENS

White Stones invites you to relax and enjoy a unique combination of food and art.

Start your day on the island with our own specially blended Fair-trade coffee or tea from our 'fine tea' range and catch up on the day's news with the papers provided. Hungry? Why not indulge in a fresh baked pastry or try something from our extensive breakfast menu. Join us for lunch and choose from a selection of freshly prepared food, home made cakes and hot and cold drinks. White Stones is fully licensed so you can savour a glass of wine with your meal or just enjoy an ice cold beer or organic cider whilst relaxing in our comfortable leather sofas or in the sunny and secluded courtyard garden.

There is easy access for wheelchairs and prams throughout. White Stones is family friendly, has baby changing facilities and has 'breastfeeding friendly' status.

'A fusion of food & art'

Take time to view the excellent art work on display.

The exhibitions in the gallery change bi-monthly whilst the sculpture in the garden varies throughout the year. There is usually a diverse range of work on show and mediums include: painting, print, photography, textiles, sculpture, ceramics and bespoke jewellery. All the art work is for sale and ranges in price from £10 to £2000. We are committed to bringing the best contemporary local and international art to the island and actively support local Dorset artists.

Explore the hidden delights of the sculpture garden.

Enter the secluded courtyard and you will catch a glimpse of the small but beautiful sculpture garden beyond. The trickle of water from the pond and the sound of bird song beckon you to enter via an impressive stone archway. Explore this calm and peaceful space and you will discover its hidden delights.

The garden was built by owner and sculptor, David Nicholls. David's sculptural style is reflected in the design of the garden, where his and other artists' work are on display. Structural plants are underlined with swathes of soft planting to create contrast. David actively encourages wildlife into the garden and doesn't use any pesticides.

Enjoy your visit!
